Section 1

BUNKER SURCHARGE

Fuel Adjustment Factor (Bunker Surcharge) **Item 1050**

All shipments moving under the provisions of this tariff will be assessed a fuel adjustment factor (bunker surcharge). The bunker surcharge for each shipment will be determined by the percent level applicable on the date of the shipment as listed in CNWY 300FSC and applied against the total ocean freight charges as outlined in CNWY 300 Items 1000-1004. The bunker surcharge amount will be due and payable by the debtor indicated on the freight bill.

The following table displays the effective date and the bunker surcharge applied to the total freight bill:

Effective Date	Bunker Surcharge
09/22/2008	22.3%
