DAY-DEFINITE, ON-TIME DELIVERY

With the supply chain expertise of APL Logistics in Asia and the faster North American transit times of Con-way Freight, only OceanGuaranteed can boast 99% on-time delivery. That's performance you can count on.

OceanGuaranteed gets your goods to market seamlessly, providing expedited services and the convenience of one call, one transit time and one invoice. When you ship OceanGuaranteed, your shipment gets top priority, ensuring day-definite delivery:

- LCL cargo in Asia is given priority at the port
- The cargo is then hot-stowed on APL ships, so it's among the first to be unloaded upon arrival at the Port of Los Angeles
- It is quickly loaded onto Con-way Freight LTL trucks for final delivery
- Fast, reliable performance through Con-way Freight's single network of more than 400 operating locations

CONVENIENCE, CAPACITY AND CHOICE

Simple port-to-door zone pricing on a single invoice is just the beginning. With OceanGuaranteed, one call gives you access to faster LCL/LTL shipping, unlimited capacity even during peak season and complete visibility with tracking from Asia to final delivery.

OceanGuaranteed operates in five countries, giving you the option to originate shipments from nine key Asian ports. Departure ports are asset-owned and managed by APL. Locations include:

- Guangzhou, Hong Kong, Qingdao, Shanghai and Shenzhen in China
- Yokohama in Japan
- Kaohsiung in Taiwan
- Busan (Pusan) in South Korea
- Singapore
