

Never Settle for Less.

→ OVERVIEW

Con-way Truckload is a leading provider of over-the-road, dry van and full-truckload transportation services across North America. Formerly known as CFI, Con-way Truckload’s asset-based operations have delivered consistently superior, on-time performance and capacity.

With over 3,000 employees, Con-way Truckload serves the full truckload needs of North America’s leading retailers and manufacturers. Additionally, Con-way Truckload’s sister company, Con-way Multimodal, provides asset-light multimodal capacity where and when customers need it, and consistently performs with the high standards customers have come to expect from a Con-way company.

Con-way Truckload operates from five dedicated truckload terminals and accesses many of Con-way’s more than 400 operating locations and 37 sales offices throughout the United States, Canada and Mexico.

→ CON-WAY TRUCKLOAD — AT A GLANCE

- International leadership and expertise as one of the first carriers with through-trailer service to and from Mexico
- Reliable capacity and consistent on-time performance
- State-of-the-art technology with satellite tracking and proprietary technology for complete visibility of shipments dispatched from a centralized location
- Reliable service through one of the most modern, well-maintained fleets in the industry
- Environmental leadership as demonstrated through recognition as an award-winning SmartWaySM carrier
- Multimodal capacity with flexible solutions including dry van, intermodal and specialized services
