Con-way
FREIGHT

Never Settle for Less.

Con-way Freight delivers reliable shipping performance across Mexico.

When shipping to, from and throughout Mexico, you can depend on the same reliable performance, security and seamless delivery you've come to expect from Con-way Freight. Our network is built to provide your cross-border shipments with:

- Faster transit times from North America's largest single network
- Extensive coverage and secure shipping in Mexico from Con-way Truckload de Mexico and CFI Logística
- Streamlined customs processes on both sides of the border
- Thorough working knowledge of the maquiladora markets and NAFTA regulations
- More efficient border crossing — CSA, PIP, ACE, ISO 9001 and ISO 14001 certifications
- Reliable performance wherever you ship
- Simple origin to destination pricing

Greater visibility through online tools.

The advanced technology at con-way.com gives customers precise control over the entry, dwell time and exit of all freight, as well as real-time shipment tracking. Visit www.con-way.com/freight where you can:

Confidence from Choosing Your Own Customs Broker

When shipping to Mexico, it is the customer's responsibility to contact and use a licensed customs broker. Your broker can help you with required procedures, which may vary depending on where the shipment enters Mexico. Be sure your broker uses Con-way Freight. If you don't have a customs broker, a Con-way representative can help you find one.

Border Crossings

Crossing the border in Laredo, TX offers faster transit times and the reliable service performance you need. Combine this with our customs expertise and more than 20 years of service to Mexico, and you have a competitive advantage throughout the country.
