Con-way
FREIGHT-CANADA

No Carrier Provides More Direct Connections Between Canadian and U.S. Markets than Con-way.

Many of North America's most successful companies have found that Canadian customers, suppliers and strategic partners are key to business success. And since 1992, Con-way has been bringing them together with consistent, high performance LTL service between U.S. and Canadian markets, plus convenient, seamless shipping to and from Mexico.

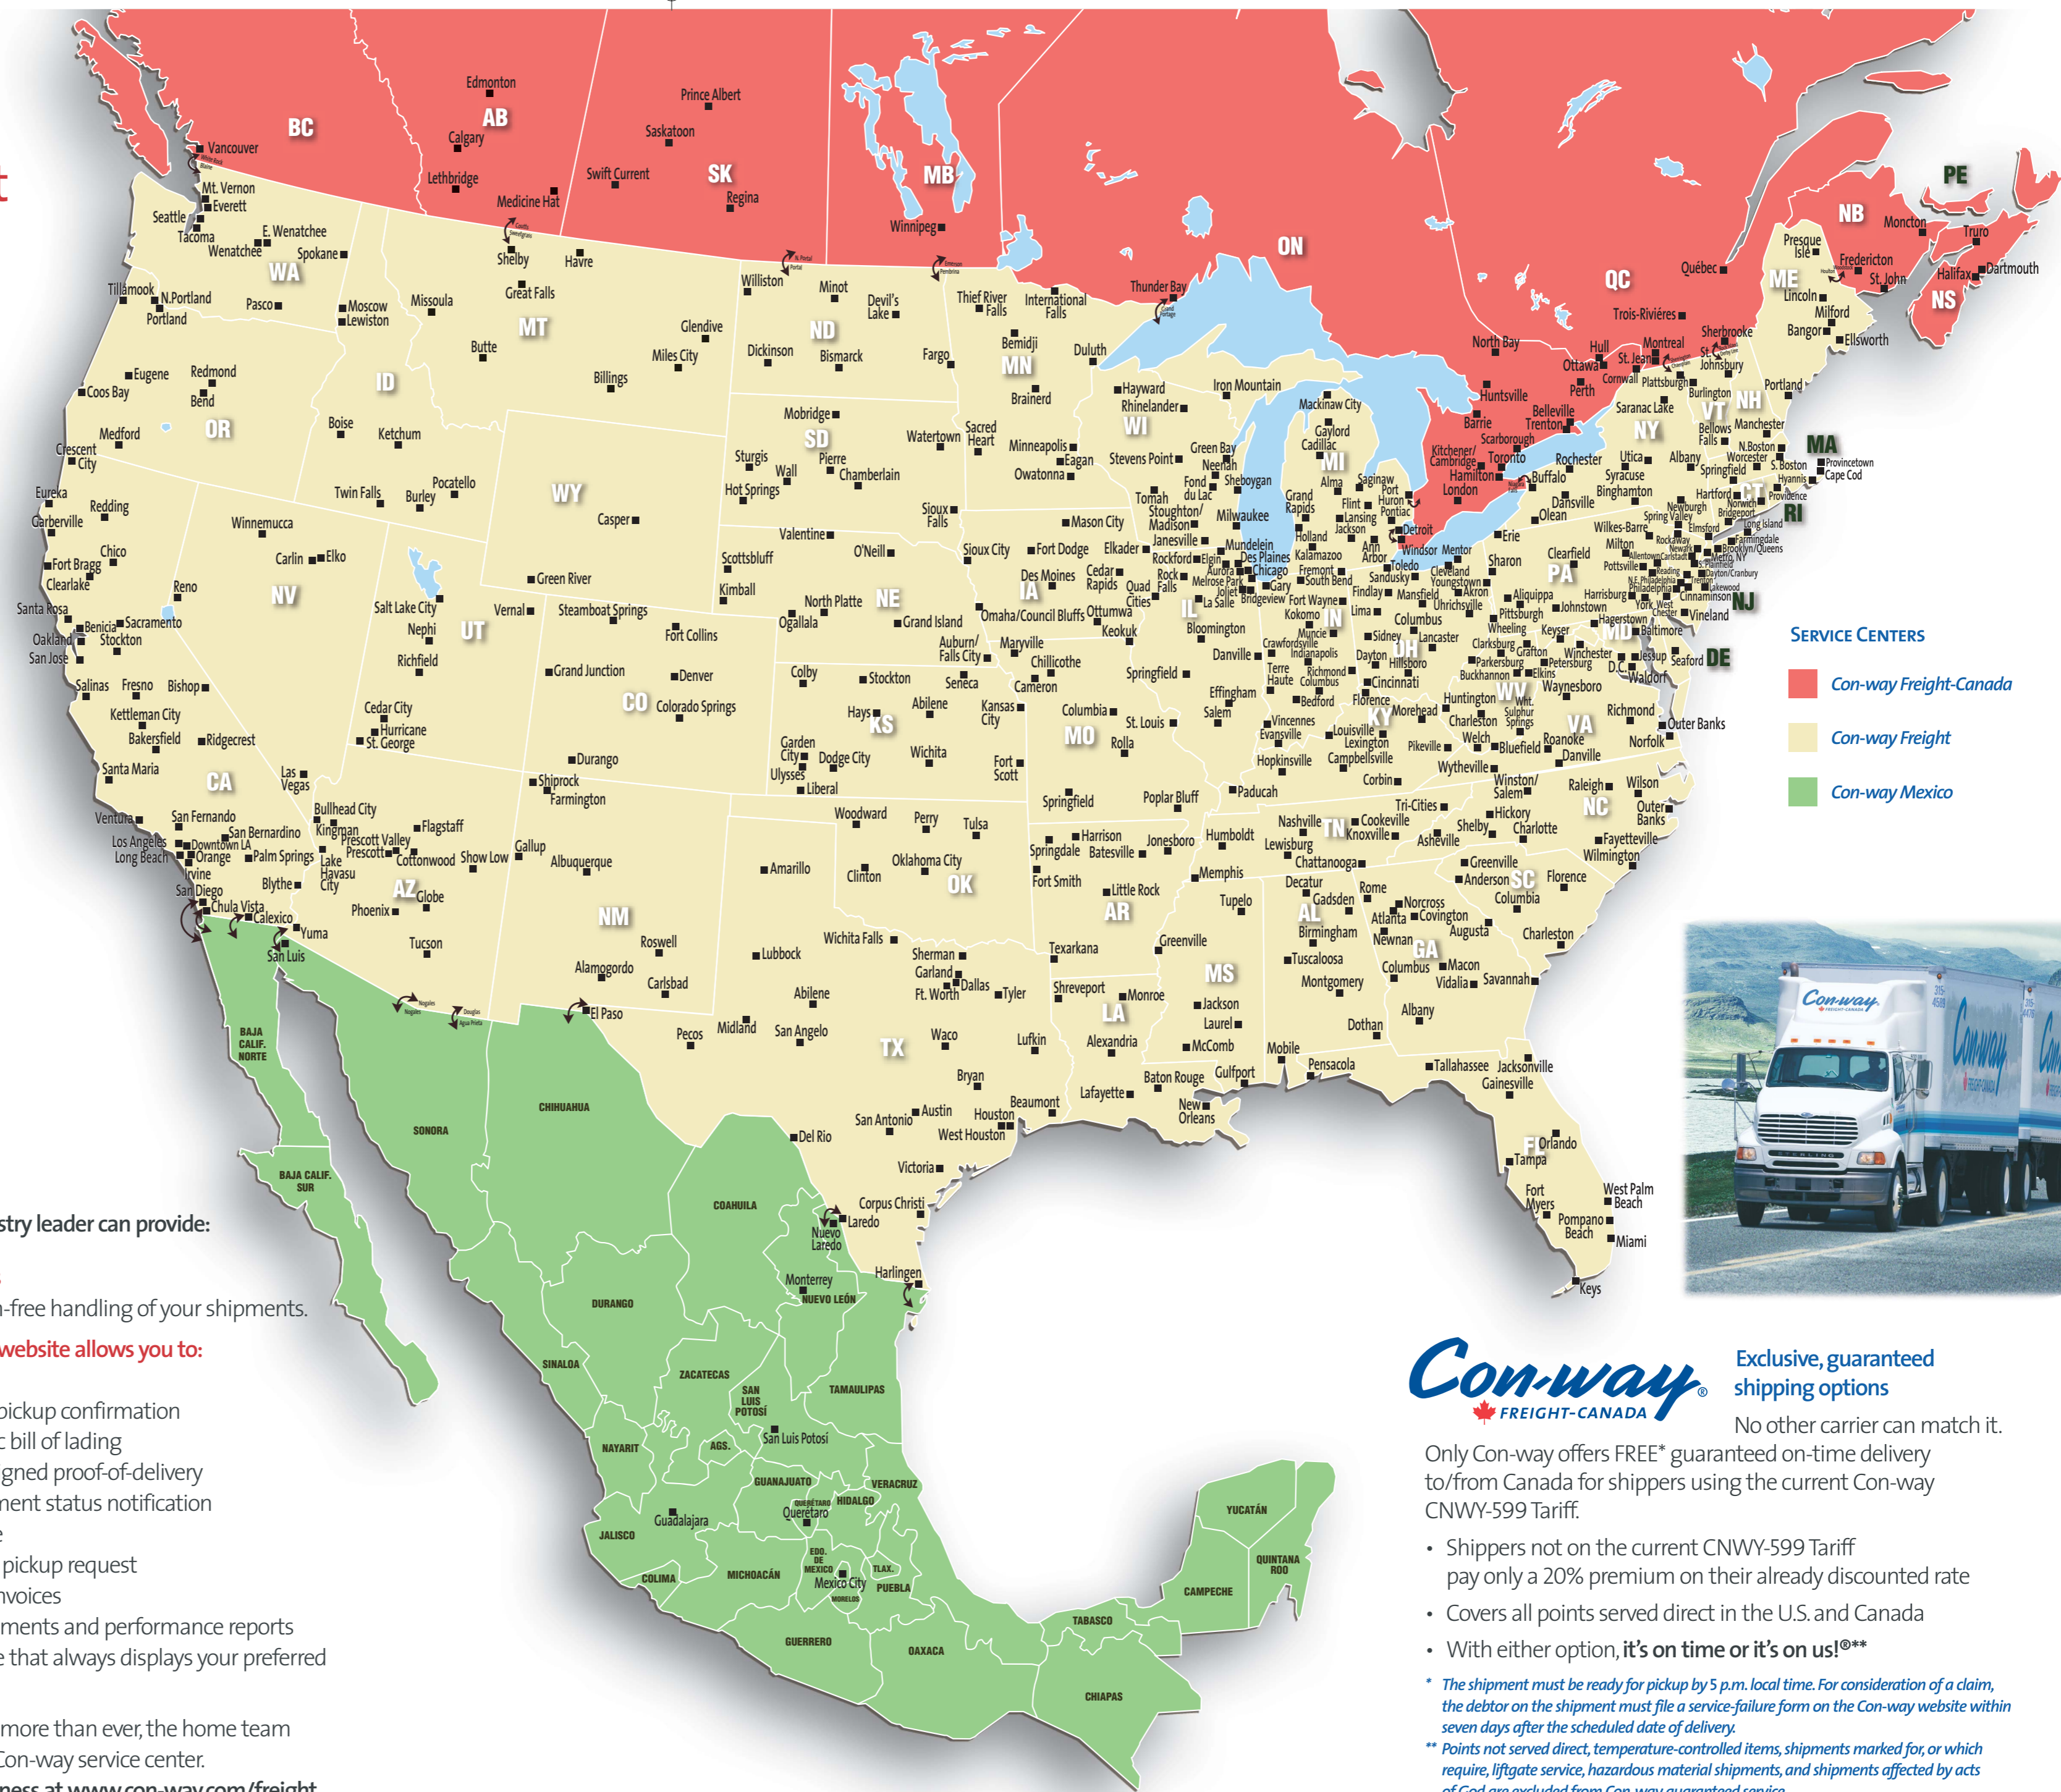

Con-way Freight-Canada

With 33 Canadian service center locations, Con-way Freight-Canada covers ten provinces – Alberta, British Columbia, Manitoba, New Brunswick, Newfoundland/Labrador, Nova Scotia, Ontario, Prince Edward Island, Quebec, and Saskatchewan – providing faster transit times and more direct delivery points than any other LTL carrier in Canada. And Con-way's "through" pricing lets you know the total shipping cost from origin to destination – a real plus when shipping to markets covered under the North American Free Trade Agreement (NAFTA). In addition, Con-way is certified by the U.S. Customs and Border Protection (CBP) for its Automated Commercial Environment (ACE) electronic manifest program. ACE speeds the movement of freight from Canada into the U.S. by providing electronic cargo processing through a centralized, on-line system that links CBP to certified shippers and carriers.

Of course, you'll also profit from these additional advantages only the industry leader can provide:

- **More than 460 service center locations** throughout North America, give direct coverage to all your shipping points.
- **Unmatched on-time performance** backs up your promise of reliability to your customers.
- **Superior transit times** mean faster delivery of your shipments.
- **Skilled, flexible, work force** assures responsive service.
- **Uniformed, professional drivers** reflect the high service standards you expect from an industry leader.
- **State-of-the-art facilities** ensure efficient, problem-free handling of your shipments.
- **Advanced, user-friendly website allows you to:**
 - Track shipments
 - Receive automatic pickup confirmation
 - Create an electronic bill of lading
 - View, email or fax signed proof-of-delivery
 - Receive email shipment status notification
 - Obtain a rate quote
 - Schedule an online pickup request
 - Receive electronic invoices
