

# Swindon Logistics Centre

Warehouse Management

Transportation Management

Value Added Services

## Value Proposition:

**Operational excellence**  
**Lean philosophy**  
**Strong company culture**  
**Customer focused**  
**Start-up methodology**  
**Process driven**  
**Global presence**

This multi-client centre is located next to the M4 motorway between Heathrow and Bristol International Airports in the south-west of the UK. Through the M4 motorway there is quick access to all major UK and European routes.

This high-security site features access and intrusion control.

The facility can function both as a regional distribution point or as a warehousing point to service manufacturing sites.

The customer portfolio is centered around Intimate Apparel – Lingerie companies for which a vast number of Fashion related Value Added Services are provided ranging from kimbaling, tagging, price-labeling to booking-in with major retail chains, shop deliveries to home deliveries on a global scale.

**SAFETY**      **INTEGRITY**      **EXCELLENCE**  
**LEADERSHIP**      **COMMITMENT**
