RULES AND REGULATIONS

Governing Publications

Item 100

This tariff is governed, except as otherwise provided herein, by the following described tariffs, and by supplements or loose-leaf page amendments thereto or successive issues thereof:

Title/Type of Tariff	Issuing Agent or Carrier	Tariff Number
Hazardous Materials Regulations	U.S. D.O.T.	CFR Title 49
Mileage Guide (Point-to-Point)	Rand McNally	MileMaker
National Five-Digit United States ZIP Code Post Office Directory	United States Postal Service	---
National Motor Freight Classification		* NMF 100

*Where notes or other qualifying statements in NMF 100 refers to 'LTL', 'LTL shipments' or 'LTL provisions', such references will be taken to refer to shipments on which charges are based on a weight of less than 20,000 lbs.

Where such notes or other qualifying statements in NMF refer to 'TL', 'TL shipments' or 'TL provisions', such references will be taken to refer to shipments on which charges are based on a weight of 20,000 pounds or more.

Wherever rules (except Item 421) of NMF 100 refer to classes, the same will be understood also to apply to rates.

Note: As clarification, the application of LTL (as defined in Item 999) will be rated as less than 20M. The application of TL (as defined in Item 999) will be rated as 20M or greater. This application takes precedence over Tariff CNWY 199 Series application.

Participants

Item 130

Carriers participating in this tariff are as follows for Con-way Freight Inc.:

Con-way Freight CNWY

Application of Volume Shipment Pricing

Item 150

All shipments tendered to Con-way Freight may be eligible for Volume Shipment Pricing subject to the following conditions:

- Shipments must have its point of origin and its point of destination in the contiguous 48 United States (excluding Alaska and Hawaii).
- Applicable on all rate bases.
- Application of Volume Shipment Pricing will not modify any contractual terms in effect governing the shipment.
- Shipments rated with Volume Shipment Pricing will be eligible for the Standard Delivery Service Guarantee (Item 240).
- Shipments that exceed the capacity of a 28' trailer or the maximum per axle weight allowed by law will be rated as multiple shipments.

Application of Rates

Item 160

Volume Shipment Pricing is computed using a base rate plus a rate per mile applied to the total distance as determined by the ZIP to ZIP distance.

Application of Fuel Related Charge

Item 180

Shipments that have Volume Shipment Pricing applied will be assessed a fuel surcharge based on a rate per mile (see Item 2009) applied to the total distance as determined by the ZIP to ZIP distance. TL shipments shall be subject to the fuel related increase in Item 2009, column marked Con-way Freight Volume Shipment Pricing TL Fuel Surcharge.

Standard Delivery Service Guarantee

Item 240

All eligible shipments tendered to Con-way Freight invoiced with Volume Shipment Pricing will receive a “no charge” guarantee. The program will cover all points served direct by Con-way Freight with points of origin and points of destination in the contiguous 48 United States (excluding Alaska and Hawaii). If delivery is not completed within the published transit time, the debtor will (subject to terms and conditions listed below) receive a zero invoice for all net linehaul charges, including fuel surcharges. All other applicable accessorial charges would still apply.

The program covers all shipments invoiced with Volume Shipment Pricing. No action is needed on the part of Con-way Freight customers to be enrolled in the program. The program will automatically be applied, and is subject to the following conditions:

- Standard Delivery Service Guarantee only applies to points that are serviced direct by Con-way Freight with points of origin and points of destination in the contiguous 48 United States (excluding Alaska and Hawaii).
- Delivery is achieved when Con-way Freight tenders the entire shipment for delivery within the published standard transit time.
- The shipment must be ready for pickup no later than 5 PM local time on the day of shipment.
- The debtor on the shipment must file for the no-charge offer no later than seven (7) calendar days after the actual date of delivery.
- Only the debtor (defined as the beneficial owner of the freight) is eligible and may file a claim under this Item 240. No agent, representative or third party may file on behalf of the debtor. Any changes made to the original debtor of the freight bill will render the service guarantee null and void.
- The filing for the money-back guarantee can be made using an easy-to-complete electronic form available on the Con-way Freight web site. The debtor must be a registered web site user to file a claim.
- In the event claim for failure to perform service is denied, any objections or disputes of such denied claim must be filed within 30 calendar days of original scheduled date of delivery of shipment.
- Transit time performance is excused when loss, damage, or delay is caused by an act of God, public enemies, riot, strike, other work stoppage, or labor unrest, a defect or inherent vice in the goods, act of public authorities, act or omission of custom officials, terrorism, faulty, or impassable highway, lack of capacity of a highway or bridge, authority of law, quarantines, civil commotion or hazardous incidents to a state of war, compliance with laws, government regulations, orders or requirements, act or omission of shipper, consignee, or owner of the goods, or any cause beyond Con-way Freight's control.
- Any customer who marks a "G!" or "Guaranteed" on the bill of lading will be charged an extra 20% and the shipment will move under the original "G!" program as outlined in tariff CNWY 199 Item 200.
- The following shipments are excluded from this program:
 - Shipments marked for or that subsequently require delivery using lift gate equipment
 - Shipments requiring temperature control.
 - Shipments marked as Hazardous Materials or that subsequently requires the shipment to be handled as a Hazardous Material as specified by the D.O.T.
- Published transit times that will be used to measure on-time between United States ZIP Codes are published on the Con-way Freight Internet web site... www.con-way.com/freight

RATES AND CHARGES

Computation and Application of Fuel Related Increase – Volume Shipment Pricing Item 2009

Except as otherwise provided in the individual tariffs, the fuel related increases named below shall apply on all shipments rated as with Volume Shipment Pricing (subject to Notes 1-6).

The fuel surcharge for each shipment will be determined by the rate per mile applicable on the date of the shipment as listed below. The fuel surcharge amount will be due and payable by the debtor indicated on the freight bill. Terms of payment of the fuel surcharge are the same as for freight transportation charges.

The fuel related increase shall be subject to a one cent minimum and shall be as follows:

Note 1: The fuel surcharge named in this item shall not apply on accessorial charges or exceptions thereto named in the individual tariffs. The fuel surcharge shall apply only on the carrier's shipments rated with Volume Shipment Pricing.

Note 2: Fractions of less than one-half cent will be dropped; fractions of one-half cent or greater will be increased to the next whole cent.

Note 3: Fractions of less than one-half mile will be dropped; fractions of one-half mile or greater will be increased to the next whole mile.

Note 4: With the exception of accessorial charges, charges for shipments rated as Volume Shipment Pricing are for the movement of freight between points of origin and points of destination in the contiguous 48 United States (except Alaska and Hawaii)..

Note 5: Fuel surcharges are based on the United States Department of Energy, Energy Information Administration (EIA) Average Price for a gallon of diesel fuel each Monday. Based on that publication level, the above charges will become effective the following Monday.

Note 6: When the U.S. DOE Average Price per Gallon Fuel Index is at least \$4.02, for each four cents (\$0.04) increase in the price per gallon the fuel surcharge will increase by \$0.004 per mile on LTL shipments and \$0.008 per mile on TL shipments.
